**+39 3341852736**

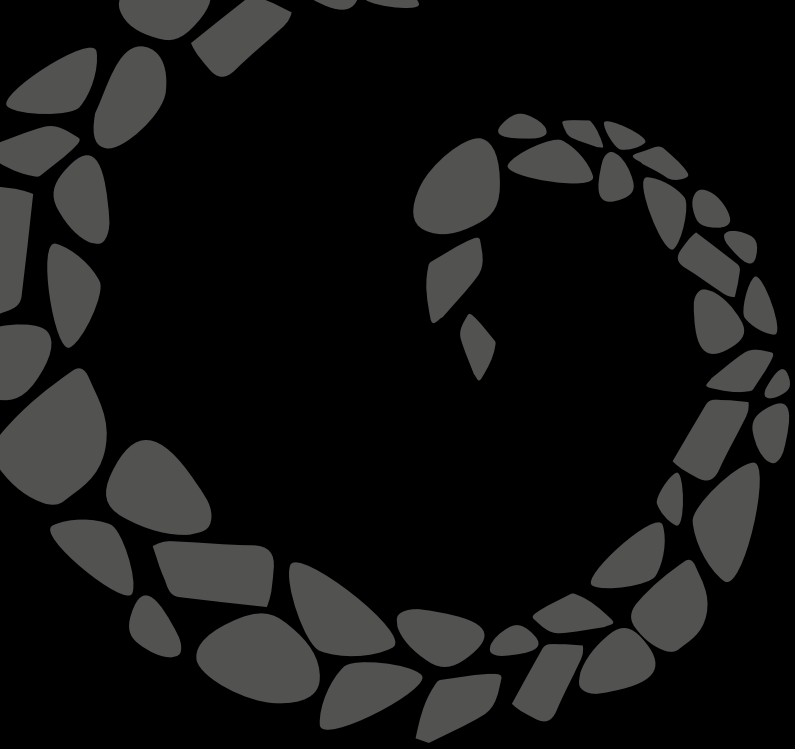

**LEVANTE PIETRE** company è specializzata nell'estrazione e lavorazione artistica della roccia grezza da cui si ricavano esclusivi complementi per arredo giardini: fontane, giochi d'acqua, monoliti e rocce ornamentali a forte impatto paesaggistico ben apprezzate dai landscaper che vogliono introdurre nei loro progetti elementi naturali per la creazione di ambientazioni lussuose in tutto stile mediterraneo.

**LEVANTE PIETRE** company is specialized in extraction and artistic working of rough stones so from them exclusive garden's complements are created: fountains, water features, monoliths and others landscape stones to strong Mediterraneo impact and for this reason too much appreciated by important landscaper who want to introduce in their projects elements of Mediterranean style for making luxury ambience.

**LEVANTE PIETRE** ist spezialisiert auf die Gewinnung von Kalkstein-Findlingen und ihre Verarbeitung für Brunnen, Wasserspiele und Architekturelemente.

# THE BEST LINE

DESIGN WITH STONE

Con blocchi di pietra realizziamo strutture per progetti altamente ambiziosi al fine di creare ambienti ispirati alla natura con tutta la bellezza della pietra naturale riducendo l'utilizzo del cemento e della calce e quindi a basso impatto ambientale. Progetti personalizzati unici ed esclusivi per ambienti estremamente luxury.

Using stone blocks we produce structures for ambitious projects in order to making spaces inspired to nature with all the beauty of natural stones so reducing the utilization of cement and lime. Unique and exclusive customized projects for luxury spaces.

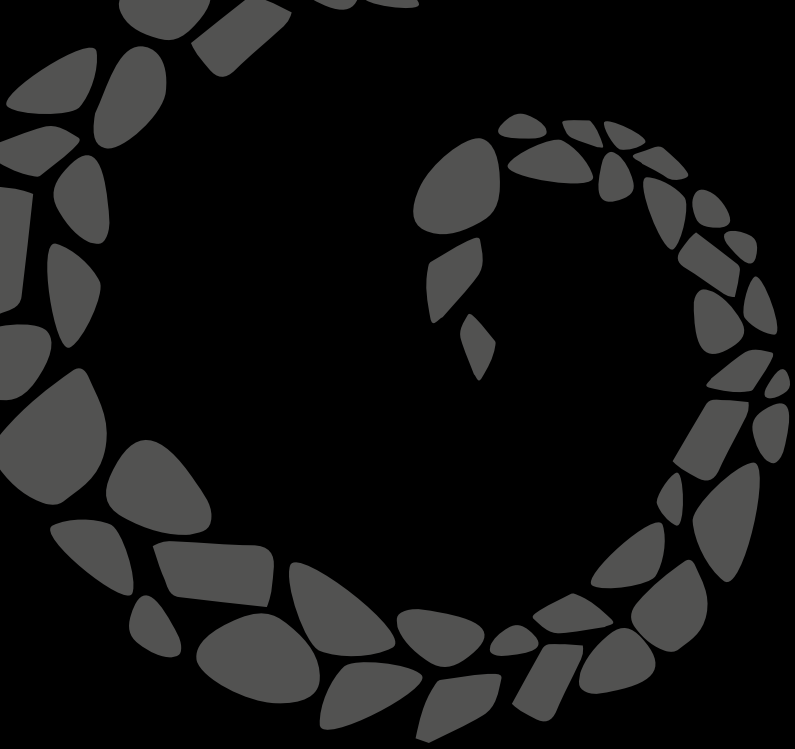

Unsere Natursteine lassen außergewöhnliche Gestaltungsideen im Innen-und Außenbereich zu. Die Massivität des Materials ermöglicht hierbei imposante Aufbauten ohne Verwendung von Mörtel. Das Resultat besteht vor allem durch seine natürlichen, großformatigen Oberflächen.

# RECINZIONI / FENCES

Sono la soluzione pratica e veloce per avere recinzioni in pietra già pronte per essere messe in opera.

Are your quick solution to have stone fences ready to be put in place.

“Fences” stellen eine clevere und dekorative Alternative zu gemauerten Grenzlösungen dar. Das verwendete Stecksytem überzeugt durch seinen unkomplizierten Aufbau und ein professionelles Ergebnis.

# PROVE QUALITÀ / QUALITY LOAD
